UPRIGHT FORTUNE -- Was Reserve Grand Champion bull at the 1957 Mid. Kansas Sale at Salina where we purchased him from Tomson Bros., Wakarusa, Kansas. We wanted this Kirkton Baronet breeding to get those good heads and Upright Fortune is doing a grand job in this respect. Our plans were to use him for two calf crops from selected cows. Here's a bull with the blood lines and the quality to suit a discriminating buyer.

He was Reserve Senior to the Grand Champion in Nebraska 1958 and we have nearly half of the cows in the Schreiber herd mated to him this past season. His dam, Orchard Crocus 5th, produced S F Imperial Pride, Champion Bull at the Missouri State Sale in 1956. She also produced S F Laddie Basis 4th, Champion Bull around the Western circuit in 1957. She also produced S F Classic, Champion Bull of the 1958 Kansas Free Fair. We consider this bull by far the best herd bull prospect that we have ever sold at Schreiber Farms.

44th ANNUAL OMAHA SHORTHORN SALE

What Happens To OMAHA Champions?

That's a good question and important to every buyer of a herd bull. Bulls purchased at Omaha, over the past 43 years, have compiled some unusual breeding records in top herds from coast to coast. Below is just one of the most recent examples.

CHAMPION BULL – ROYAL TALISMAN 2d, by Ringwell Illustrious, Grand Champion Bull at Omaha, in 1955, for Johnson Bros., Exira, Iowa. Purchased for \$1,175 by Ralph Hellinga, Harris, Iowa. At the 1958 and 1959 Tri-State Sales held at Sibley, Iowa, the top-selling bull each year has been a son of Royal Talisman 2d, consigned by Ralph Hellinga. This same bull also sired the Reserve Grand Champion Junior Steer at the 1958 National Western Stock Show at Denver, Colorado.

The Calves Sired By Your Next Herd Bull Purchased At Omaha Can Be The Best You Have Ever Produced

Any well established Shorthorn sale is best known by the quality of its consignments. In this respect, the Annual Omaha Sales, now in their 44th year, have not had to take any back seats. Located at the world's largest cattle market, it has been a natural for a gathering place for both buyers and producers of top Shorthorns. This 1959 offering is, without a doubt, the greatest assembly of bulls ever offered at one of these Omaha sales. We're proud to point out that there are two 1958 State Fair Grand Champion bulls that were specifically retained and are being offered in this year's sale. There are several State Fair first prize winners that sell; also a host of other good bulls that, while they haven't had the opportunity of being shown on the big circuits, are worthy competitors.

We would also like to point out that at no other place in America can a buyer have the privilege of selecting from well over 100 Shorthorn and Polled Shorthorn bulls from the nation's finest herds, all located together under one roof, and selling in two days' time. We will, as usual, be glad to help in taking care of your shipments after your purchases have been made, and in this respect, Omaha again offers the finest in both truck and rail transportation. So do plan now to be in Omaha on February 11th to do your bull buying... it is the place you will get the most for your money this year.

MERDALE RED LASSIE -- Here's a deep, thick, smooth-bodied heifer with plenty of scale. She will develop into a grand cow and would not be for sale if we didn't have a full sister in the herd. She won her class at the Osceola County Fair and paired with Merdale Matchless, the bull we are also selling at Omaha. They placed second in pair of yearlings. Officially vaccinated for Bangs -- sells open.

44th ANNUAL OMAHA SHORTHORN SALE

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
